Name of coordinator: **Mr. G. Vijay Kumar Reddy**

Dept. of Pharmacology

Number of Students attended: **50**

Venue: Seminar hall, M.A.M College of pharmacy.

Arete IT services, organized a Certificate Programme on **Medical Coding** for IV/VI and V/VI Pharm.D students by the resource person **Mr. N. Vara Prasad** from 27-12-2017 to 11-01-2018. Medical Coding is a professional field that carries forward a great demand and exposure to the industry. Medical Coding involves ongoing monitoring of available drugs to ensure their safety for use, especially since previously undetected adverse events can occur at any time and career opportunities. Totally 50 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. To create well written documents and manuscripts as per standard formats, compliant to regulatory standards for approval of new clinical trials, drugs, medical devices and biologics.
2. To contribute towards the preparation of crucial documents mandatory for regulatory approvals.
3. To prepare some common documents required in the pharmaceutical/clinical research industry such as clinical trial reports, clinical trial protocols, investigator brochures, product package inserts and more.

Venue: Seminar hall, M.A.M College of pharmacy.

Arete IT services, organized a Certificate Programme on **Medical Writing** for IIIrd B.Pharm students by the resource person **Mr. N. Vara Prasad** from 2nd February 2018 to 17th February 2018. Medical writing is a professional field that carries forward a great demand and exposure to the industry. The field primarily involves writing documents related to the pharmaceutical industry however it also covers writing in a more general sense such as writing medical articles for journal publications, writing about health topics for various healthcare portals, academic writing etc. Its foremost requirement is communicating clinical/ scientific data to an array of audiences abiding by the format issued by the regulatory authorities or the formats / guidelines issued by the publisher. Totally 74 students participated in the training course. Upon completion of the course the students were able to understand the following objectives and learning outcomes.

Objectives:

1. To create well written documents and manuscripts as per standard formats, compliant to regulatory standards for approval of new clinical trials, drugs, medical devices and biologics.

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on **CLINICAL RESEARCH DESIGN AND STATISTICAL ANALYSIS.**

Date: 12-02-2018 to 27-02-2018

Resource Person: Mr.T. Bhavani Ramesh Kumar

Department of Pharmacognosy

Siddardha Institute of Pharmaceutical Sciences

Contact Number -9885389086

Name of coordinator: Prof. N. Srinivasulu

Dept of Pharmacology

Number of Students attended: 50

Venue: Seminar hall, M.A.M College of pharmacy

An add on program on **Clinical Research Design and Statistical Analysis** for **IV & V Pharm D** students by **Mr.T. Bhavani Ramesh Kumar** from **12th February 2018 to 27th February 2018**. Most of the errors in clinical trials are a result of poor planning. The careful planning with clear foresight is crucial and thus fundamental clinical trial design issues and statistical analysis methods were discussed. Totally 50 students participated in this add on program. All the students actively participated.

Objectives:

1. Know safety monitoring and reporting in clinical trial trials.
2. Manage the trial coordination process.
3. Appreciate and conduct the clinical trial activities.
4. To provide a comprehensive introduction to the clinical research process.
5. Learn the skills, knowledge and competencies of a candidate for the Clinical Research

Associate and Statistical analyser jobs.

6. Become more familiar with roles/jobs as part of the study team.

Learning outcomes:

1. Ability to use basic analytical techniques to generate results.
2. Interpret results of commonly used statistical analyses in written summaries.
3. Demonstrate statistical reasoning skills correctly and contextually.
4. Select and define appropriate research problem and parameters. Organize and conduct clinical trials in a more appropriate manner.

This course was very useful to the students and their feedback is positive. The management and Dr. M.Prasada Rao, Principal of M.A.M thanked the resource person and participants for making the programme successful.
