Objective:

Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days Faculty Development Program on Role of Experimental Pharmacology in Drug Development Process. The main objective of the program is to train the Staff members about importance and need of Pharmacology during the process of Drug Development process.

Topic Covered:

- Current Methods and Application in Experimental Pharmacology and Drug Discovery.
- Recent Advances in Molecular Pharmacology of Immune-Modulating Agents: Disease Management and Treatment of Autoimmune Disorders.
- Analytical and Experimental Pharmacology, Challenges in Present Scenario.
- Overview of All Phases in Drug Development and Discovery Process.

About College :-

Medarametla Anjamma Mastanrao (M.A.M) College of Pharmacy is one of the best premier and iconic pharmacy college established in 2007 by M.A.M Memorial service society with a group of eminent academicians and professionals from different fields with a mission to offer quality education with a motto to provide education to all and contribute itself to the millennium development goals. Since its inception, with in a short time the college has been upgraded to PG level of education.

Courses Offered:

B.PHARMACY – 4 YEARS

PHARM.D – 6 YEARS

M.PHARMACY

PHARMACEUTICS

PHARMACEUTICAL ANALYSIS

PHARMACOLOGY

PHARMACEUTICAL -

REGULATORY AFFAIRS

PHARMACEUTICAL QUALITY

ASSURANCE

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days Online Faculty Development Program on Artificial Intelligence in Drug Discovery in association with Indian Pharmaceutical Association (IPA). The main objective of the program is to train the faculty member's about benefits, importance and demand of Artificial Intelligence in Drug Discovery Process.

Topics Covered:

- In silico Methods and Artificial Intelligence for Drug Discovery.
- Concepts of Artificial Intelligence for Computer-Assisted Drug Discovery.
- Artificial intelligence in drug design: algorithms, and ethics
- Applications & Challenges of Artificial Intelligence in Drug Discovery Process.

Outcome of the Programme:

Feedback forms were collected from the participants and they convey that the program was very helpful to understand various innovative strategies about how Artificial intelligence facilitate new drug research and development, it has a superb ability to convert drug discovery with the aid of

Details of the Resource Person

- **Name:** Dr. Samuel Mukiri
- **Designation:** Professor
- **Department:** Pharmacognosy
- **Organisation:** Narasaropeta Institute of Pharmaceutical Sciences, Narasaraopeta
- **Email Id:** samuelmukiri77@gmail.com
- **Contact Number:** 8790422917

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days E-Faculty Development Program on Recent Advancements on Herbal Formulation and Drug Delivery Systems of Indian System of Medicine (Online Mode). The main objective of the program is to train and enhance the knowledge of the faculty members about newer advanced techniques used in drug delivery of herbal formulations in India.

Topics Covered:

- Revival, modernization and integration of Indian traditional herbal medicine in clinical practice: Importance, challenges and future.
- Advanced methods used in the standardization of herbal drugs.
- Past and future scenario of herbs utility to overcome toxicity.

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.
