List of professional development programme/ Administrative training programs organized by the institution for teaching & non teaching staff during the last five years, for the academic year 2018-2019

S. No	Title of the faculty development programme - organised for teaching & nonteaching staff	Duration
ACADEMIC YEAR 2018-2019		
1	A Five Days Faculty Development Program on "Exploration of Skills to Update Knowledge in Pharmacy Practice Department"	25.06.2018 to 29.06.2018
2	A Five Days Faculty Development Program on "Innovations in Natural Product Driven Drug Discovery and Analytical Chemistry"	16.07.2018 to 20.07.2018
3	A One Week Faculty Development Program on "Role of Nano Particulate Systems and their Significance in Cancer Treatment "	06.08.2018 to 12.08.2018
4	A Five Days Faculty Development Program on "Disaster Trends in Rational Therapy Using Clinical Research and Pharmacovigilance Approaches	24.08.2018 to 28.08.2018
5	A One Week Faculty Development Program on "Emerging Innovations and Insights in Pharmaceutical Sciences"	06.09.2018 to 12.09.2018
6	A Five Days Faculty Development Program on "Customized Drug Delivery Systems-A New Era in Health Care Management"	17.09.2018 to 21.09.2018
7	A Five Days Faculty Development Program on "Applications of Research Methodology Tools and Techniques in Clinical and Hospital Pharmacy"	22.10.2018 to 26.10.2018
8	A One Week Faculty Development Program on "Emerging Synthetic Organic Techniques in Drug Discovery"	12.11.2018 to 18.11.2018

- **Designation:** Associate Professor
- **Department:** Pharmaceutical Chemistry
- **Organisation:** ASN College of Pharmacy, Tenali.
- **Email Id:** kotireddyvudumula@gmail.com
- **Contact Number:** 9963400401

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised, A Five Days Faculty Development Program on Innovation in Natural Product Driven Drug Discovery and Analytical Chemistry. The main objective of the program is a natural product is a chemical compound or substance produced by a living organism-found in nature that usually has a pharmacological or biological activity for use in pharmaceutical drug discovery and drug design.

Topics Covered:

- Nature as Source of New Drug Compounds
- The Successful of Natural Products in Drug Discovery, screening and design
- Development of New Technologies in Pharmaceutical Discovery Research: Modern Methods of Drug Discovery

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics Analytical chemistry underpins pharmaceutical drug development by providing assurance of the quality, safety and efficacy of new medicines. This course is an overview of the areas in which analytical chemistry plays a vital role in developing a new drug.

Objectives of Programme:-

Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised, A Five Days Faculty Development Program on Innovation in Natural Product Driven Drug Discovery and Analytical Chemistry. The main objective of the program is a natural product is a chemical compound or substance produced by a living organism-found in nature that usually has a pharmacological or biological activity for use in pharmaceutical drug discovery and drug design.

Topics covered:-

- Nature as Source of New Drug Compounds
- The Successful of Natural Products in Drug Discovery, screening and design
- Development of New Technologies in Pharmaceutical Discovery Research: Modern Methods of Drug Discovery

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised, A One Week Faculty Development Program on Role of Nano Particulate Systems and their Significance in Cancer Treatment. The main objective of the program is to provide the information of Nanotechnology offers the means to target chemotherapies directly and selectively to cancerous cells and neoplasms, guide in surgical resection of tumours, and enhance the therapeutic efficacy of radiation-based and other current treatment modalities. All of this can add up to a decreased risk to the patient and an increased probability of survival

Topics Covered:

- Delivering Chemotherapy
- Nano-enabled Immunotherapy
- Delivering Radiotherapy
- Delivering gene therapy

About College :-

Medarametla Anjamma Mastanrao (M.A.M) College of Pharmacy is one of the best premier and iconic pharmacy college established in 2007 by M.A.M Memorial service society with a group of eminent academicians and professionals from different fields with a mission to offer quality education with a motto to provide education to all and contribute itself to the millennium development goals. Since its inception, within a short time the college has been upgraded to PG level of education.

Courses Offered:

B.PHARMACY – 4 YEARS

PHARM.D – 6 YEARS

M.PHARMACY

PHARMACEUTICS

PHARMACEUTICAL ANALYSIS

PHARMACOLOGY

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised, A Five Days Faculty Development Program on Disaster Trends in Rational Therapy using Clinical Research and Pharmacovigilance Approach. The main objective of the program is to show developments and contributions of a clinical pharmacy service in safety and rational use of medications in a large tertiary hospital.

Topics Covered:

- Drug safety monitoring
- Quality assurance and safety
- Pharmacovigilance in drug regulation

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics Pharmacovigilance ensures the rigorous testing of clinical drugs to improve patient care and reduce the risk of negative side effects. Present throughout the drug lifecycle, PV certifies whether a drug works and if it is safe to use.

Objectives of Programme:-

Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised, A Five Days Faculty Development Program on Disaster Trends in Rational Therapy using Clinical Research and Pharmacovigilance Approach. The main objective of the program is to show developments and contributions of a clinical pharmacy service in safety and rational use of medications in a large tertiary hospital.

Topics covered:-

- Drug safety monitoring
- Quality assurance and safety
- Pharmacovigilance in drug regulation

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.

PROGRAMME REPORT

Name of the Programme: A One Week Faculty Development Program on Emerging Synthetic Organic Techniques in Drug Discovery.

Date: 12.11.2018 to 18.11.2018

Details of the Resource Person

- **Name:** K Ramalingeswarao
- **Designation:** Assistant Professor
- **Department:** Pharmaceutical Chemistry
- **Organisation:** Hindu College of Pharmacy
- **Email Id:** ramukasula123@gmail.com
- **Contact Number:** 9908939967

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised, A One Week Faculty Development Program on Emerging Synthetic Organic Techniques in Drug Discovery, the main objective of the program is innovative synthetic methods can transform drug discovery, by giving access to biologically-active and structurally intricate molecules in a cost-effective manner.

Topics Covered:

- Drug Discovery
- Active pharmaceutical ingredients
- Synthetic chemistry

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the importance of organic synthesis is to produce organic compounds efficiently and Organic synthesis is a rate-limiting factor in drug discovery.

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised, A One Week Faculty Quality Improvement Program on Innovative Methods of Class Room Teaching and Problem -Solving Skills. The main objective of the program is innovative teaching is the process of proactively introducing new teaching strategies and methods into the classroom.

Topics Covered:

- Inquiry-Based Learning.
- QR Codes.
- Project-Based Learning.
- Wisely Managed Classroom Technology

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics. The purpose of introducing these new teaching strategies and methods is to improve academic outcomes and address real problems to promote equitable learning.

PROGRAMME REPORT

Name of the Programme: A One Week Faculty Quality Improvement Program on Advanced Research Tools and How to Publish Research Papers in Journals with High ImpactFactor.

Date: 02.01.2019 to 08.01.2019

Details of the Resource Person

- **Name:** Dr. A. Anusha
- **Designation:** Assistant Professor
- **Department:** Pharmacy practice
- **Organisation:** Nirmala college of pharmacy, Mangalagiri
- **Email Id:** anusharapuri77@gmail.com
- **Contact Number:** 7729854153

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised, A One Week Faculty Quality Improvement Program on Advanced Research Tools and How to Publish Research Papers in Journals with High Impact Factor. The main objective of the program is high-impact journals look for studies that are societally relevant. They need to solve a big problem and have serious implications either for an application or something more fundamental.

Topics Covered:

- Identify highly cited articles using Web of Science.
- Locate current issues and trends that are being reported on by journalists in the news
- Identifying Current Issues and Research Trends

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics are High impact research is significant or influential in its field and can be indicated by the number of other research papers that have included it in their citation list.

Name of the Programme: A Five Days Faculty Quality Improvement Program on Pharmacokinetic Modelling of Novel Drug Delivery Systems.

Date: 21.01.2019 to 25.01.2019

Details of the Resource Person

- **Name:** Dr. Raghavendra kumar Gumpa
- **Designation:** Associate Professor
- **Department:** Pharmaceutics
- **Organisation:** Vignan pharmacy college, vadlamudi
- **Email Id:** drkgpharmacy@gmail.com
- **Contact Number:** 9666705894

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised, A Five Days Faculty Quality Improvement Program on Pharmacokinetic Modelling of Novel Drug Delivery Systems. The main objective of the program is novel drug delivery systems having various approaches are being investigated to enhance absorption and the disposition of various kinds of drugs.

Topics Covered:

- Biodistribution and pharmacokinetic considerations of new modalities
- Targeted drug delivery
- Pharmacokinetic and drug metabolism

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics drug discovery is the generation of knowledge required to design and develop new modalities and the novel experimental approaches needed to characterize such modalities and Pk modelling can play a crucial role in designing and fabricating novel drug carrier systems.

PROGRAMME REPORT

Name of the Programme: A Five Days Faculty Development Program on Recent Advances in Estimation of Adulterated Crude Drugs.

Date: 18.02.2019 to 22.02.2019

Details of the Resource Person

- **Name:** T. Bhavani Ramesh Kumar
- **Designation:** Associate Professor
- **Department:** Pharmacognosy
- **Organisation:** Gupta College of Pharmacy, Tenali.
- **Email Id:** tbhavani9@gmail.com
- **Contact Number:** 9110716927

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days Faculty Development Program on Recent Advances in Estimation of Adulterated Crude Drugs in association with Indian Pharmaceutical Association (IPA). The main objective of the program is to train the faculty members about various methods of estimation of quality and purity of adulterated crude drugs by using advanced techniques.

Topics Covered:

- Modern analytical methods to identify adulterated crude drugs.
- Awareness, incidence and prevalence of adulterated drugs and foods.
- Spectroscopic methods to detect adulteration of crude drugs raw materials and ingredients.

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics related to different innovative methods available to estimate adulterated crude drugs rather than the existing methods and their benefits.

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.

PROGRAMME REPORT

Name of the Programme: A Five Days E-Faculty Development Program on Interpretations of IR, NMR & MASS Spectroscopy (Online Mode).

Date: 22.04.2019 to 26.04.2019

Details of the Resource Person

- **Name:** Dr.Mahesh Palkar
- **Designation:** AssociateProfessor
- **Department:** Pharmaceutical Chemistry
- **Organisation:** SVKMs NMIMS University School of Pharmacy and Technology Management
- **Email Id:** mahesh.palkar@nmims.edu
- **Contact Number:** 9448316466

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days E-Faculty Development Program on Interpretations of IR, NMR & MASS Spectroscopy which is conducted in online mode. The major objective of the program is to educate the faculty members about Recognize the physical principles that allow faculty members to use NMR spectroscopy, MASS spectrometry, and IR spectroscopy to identify the structure and composition of an unknown sample.

Topics Covered:

- Hydrogen Nuclear Magnetic Resonance.
- InfraRed spectroscopy (identifying functional groups).
- Mass spectroscopy (determining molecular weight, structural elements& molecular formula).

Outcome of the Programme: An open feedback was collected from the faculty members and from the results of analysis, we have identified that the program was very useful to greater understanding of practical applicability of methods for operating and optimizing the operational sections for handling of different IR, NMR & MASS Spectroscopic techniques and its trouble shooting methods were explained.

About College :-

Medarametla Anjamma Mastanrao (M.A.M) College of Pharmacy is one of the best premier and iconic pharmacy college established in 2007 by M.A.M Memorial service society with a group of eminent academicians and professionals from different fields with a mission to offer quality education with a motto to provide education to all and contribute it self to the millennium development goals. Since its inception, with in a short time the college has been upgraded to PG level of education.

Courses Offered:

B.PHARMACY – 4 YEARS

PHARM.D – 6 YEARS

M.PHARMACY

PHARMACEUTICS

PHARMACEUTICAL ANALYSIS

PHARMACOLOGY

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Two Days Faculty Development Programme for Non Teaching Staff on Office & Laboratory Management. The main objective of the program is to train the faculty members about various methods, techniques and skills in office and library.

Topics Covered:

- Laboratory manual and instructors in technical institutes
- Safe operating procedure for lab activities
- Preparation of lab manual, its usage, and assessment of students

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was extremely helpful for covering the topics related to develop the skill for the preparation of laboratory manual for technical institutes.
