**6. Counselling:** MAMCP has consistently strived to address contemporary issues like gender sensitization, women concern, inferiority complex, peer group issues, teasing, ragging, safety and security etc. We counsel through the various seminars, workshops and awareness programs by guest lecturers and senior faculty. The anti-ragging committee and the head of the departments are vigilant and always available for students to bring forth their concerns and counsel them amicably.

Internal Compliance Committee has been established with an objective to sensitize and equip students with issues related to gender sensitization, women empowerment. The institution provided its female students with opportunities to participate in programs such as "Rights of Women in Domestic Laws" and "Self-defence training," both spearheaded by the local police department. Periodically, we run awareness programs for cyber security geared explicitly toward protecting female employees and students. In addition, the college strongly emphasizes the empowerment of young women by providing them with health care as well as the physical, moral, cultural, and skill development of its students.
