List of professional development programme/ Administrative training programs organized by the institution for teaching & non teaching staff during the last five years, for the academic year 2019-2020

S. No	Title of the faculty development programme - organised for teaching & nonteaching staff	Duration
ACADEMIC YEAR 2019-2020		
1	A One Week Faculty Development Program on "Recent Trends in Herbal Drug Product Development and Estimation Approaches"	24.06.2019 to 29.06.2019
2	"A Two Days Faculty Development Programme for Non Teaching Staff on Role of Effective Communication in Workplace"	09.07.2019 to 10.07.2019
3	A One Week Faculty Development Program on "Emerging Trends in Medical Coding and Pharmacovigilance"	15.07.2019 to 20.07.2019
4	A One Week Faculty Development Program on "Recent Advances in Chemical Sciences"	05.08.2019 to 10.08.2019
5	A Five Days Faculty Development Program on "Role of Herbs in Treatment of Diseases"	23.09.2019 to 27.09.2019
6	A Five Days Faculty Development Program on "Impact of Pharmacology and Pharmacy Practice on Drug Discovery"	21.10.2019 to 25.10.2019
7	A Five Days Faculty Development Program on Role of NMR in the Structure Analysis of Organic Compounds	04.11.2019 to 08.11.2019
8	A Five Days Faculty Development Program on Innovative Methods of Extraction of Crude Drugs and Isolation & Identification of Pure Chemical Constituents	18.11.2019 to 22.11.2019
9	A One Week Faculty Development Program on Current Approaches and Reviews of Research in Pharmacology	16.12.2019 to 22.12.2019

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A One Week Faculty Development Program on Recent Trends in Herbal Drug Product Development and Estimation Approaches. The main objective of the program is to train the faculty members about present scenario of Herbal drug product development and estimation processes.

Topics Covered:

- Modern Approaches in the Discovery and Development of Plant-Based Natural Products.
- Recent trends in Extraction of Herbal drugs.
- Recent advances of Standardization of Herbal drugs.
- Clinical trials of herbal drugs in India.

Outcome of the Programme: Feedback forms were collected from the participants and that they were happy to attend to this program and were felt that it was really helpful to understand recent and advanced techniques used in herbal drug product development and difficulties in facing the stability related issues and estimation of chemical constituents from the herbal formulation.

About College :-

Medarametla Anjamma Mastanrao (M.A.M) College of Pharmacy is one of the best premier and iconic pharmacy college established in 2007 by M.A.M Memorial service society with a group of eminent academicians and professionals from different fields with a mission to offer quality education with a motto to provide education to all and contribute itself to the millennium development goals. Since its inception, with in a short time the college has been upgraded to PG level of education.

Courses Offered:

B.PHARMACY – 4 YEARS

PHARM.D – 6 YEARS

M.PHARMACY

- PHARMACEUTICS
- PHARMACEUTICAL ANALYSIS
- PHARMACOLOGY
- PHARMACEUTICAL REGULATORY AFFAIRS
- PHARMACEUTICAL QUALITY ASSURANCE

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.

Resource Person:

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised a Five Days Faculty Development Program on A One Week Faculty Development Program on Emerging Trends in Medical Coding and Pharmacovigilence. The main objective of the program is to train and educate the faculty members about the available drugs as well as their side effects and research based stream of Pharmacovigilence.

Topics Covered:

- Importance of Pharmacovigilence Post the Pandemic of COVID.
- Current trends in Importance of Pharmacovigilence.
- Role of Pharmacovigilence in India.
- The future of Pharmacovigilence.

Outcome of the Programme: The major outcome of the program is to inculcate the knowledge of faculty members and to upgrade their knowledge in various fields like Pharmacovigilence and medical coding which will definitely useful for them to share their knowledge with the students as it is required in current aspects and to meet the demand of the new job openings for B.Pharm and

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A One Week Faculty Development Program on Recent Advances in Chemical Sciences in association with Indian Pharmaceutical Association (IPA). The main objective of the program is to train the faculty members about various latest research techniques in chemical sciences.

Topics covered:

- Electrochemical methods for Energy Research.
- Molecular Architectonics for Health, Energy and Environment.
- Chemistry at Structured Interfaces: Real Time Polarized Spectroscopy and Molecular Dynamics stimulation.

Outcome of the Programme: Faculty members were enthusiastically attended the programme and they conveyed that this training programme provided is a great platform for the staff members to benefit the innovative ideas and scientific information associated with the latest advances in chemical sciences.

Details of the Resource Person

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days Faculty Development Program on Role of Herbs in Treatment of Diseases. The main objective of the program is to train the faculty members to create optimum awareness and interest Medicinal Plants.

Topics Covered:

- The Role and Place of Medicinal Plants in the Strategies for Disease Prevention.
- Medicinal Plants for Treatment of Prevalent Diseases.
- Diseases cured by medical plants.

Outcome of the Programme: Open feedback forms from all the faculty members were collected and from that they conveyed the program was very helpful to know several specific herbal extracts use treat diseases and their methods of extraction. Various techniques to be used to improve the yield of extracts and reduce the solvent residuals interference in preparation of extracts. Faculty also benefited from the regulatory considerations and their requirements for development of herbal formulations.

About College :-

Medarametla Anjamma Mastanrao (M.A.M) College of Pharmacy is one of the best premier and iconic pharmacy college established in 2007 by M.A.M Memorial service society with a group of eminent academicians and professionals from different fields with a mission to offer quality education with a motto to provide education to all and contribute it self to the millennium development goals. Since its inception, with in a short time the college has been upgraded to PG level of education.

Courses Offered:

B.PHARMACY – 4 YEARS

PHARM.D – 6 YEARS

M.PHARMACY

PHARMACEUTICS

PHARMACEUTICAL ANALYSIS

PHARMACOLOGY

**PHARMACEUTICAL REGULATORY
AFFAIRS**

**PHARMACEUTICAL QUALITY
ASSURANCE**

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.

Objectives of Programme:-

Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days Faculty Development Program on Impact of Pharmacology and Pharmacy Practice on Drug Discovery. The main objective of the program is to train the faculty members about enhance the significant role of pharmacology and pharmacy practice during drug development process.

Topics covered:-

- *Research techniques in pharmacology and Drug Discovery.*
- *Role of pharmacy Practice after post marketing Surveillance.*
- *Current trends in Pharmacology and Pharmacy practice.*

PROGRAMME REPORT

Name of the Programme: A Five Days Faculty Development Program on Role of NMR in the Structure Analysis of Organic Compounds

Date: 04.11.2019 to 08.11.2019

Details of the Resource Person

- **Name:** T. Durga Bhavani
- **Designation:** Assistant Professor
- **Department:** Pharmaceutical Analysis
- **Organisation:** Sidhardha Institute of Pharmaceutical Sciences, Narasaropeta.
- **Email Id:** durgabhavanithanniru14@gmail.com
- **Contact Number:** 6301935882

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days Faculty Development Program on Role of NMR in the Structure Analysis of Organic Compounds. The main objective of the program is to train the faculty members about future of NMR spectroscopy may be in personalized medicine and in portable devices.

Topics Covered:

- NMR Based Structural Characterization.
- NMR Spectroscopy- Basic Principles, Concepts and Applications in Chemistry.
- NMR based 3D Structural models.

Outcome of the Programme: Feedback forms were collected from the participants and that they were happy to attend to this program and were felt that it was really helpful to understand and they convey that the program was very helpful to know the NMR Spectroscopy basic principles, How to use in Structural characterization and 3D structural designing of various chemical constituents. The faculty members also learn current aspects about role of 3D structural designing of drugs in speed up the formulation of pharmaceuticals their by enhance the drug absorption.

- **Designation:** Associate Professor
- **Department:** Pharmacognosy
- **Organisation:** Vaagdevi College of Pharmacy, Warangal, Telangana.
- **Email Id:** seenukarka@gmail.com
- **Contact Number:** 9949810812

Objective: : Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days Faculty Development Program on Innovative Methods of Extraction of Crude Drugs and Isolation & Identification of Pure Chemical Constituents. The main objective of the program is to educate the faculty members about various new techniques of Extraction of Crude Drugs and Separation & reorganisation of Pure Chemical Constituents.

Topics Covered:

- Analytical methods to isolation and identification of herbal drugs.
- Extraction of Bioactive Compounds from Medicinal Plants and Herbs.
- Extraction of flavonoids from natural plants.

Outcome of the Programme: The major outcome of the program is to inculcate the knowledge of faculty members and to upgrade their knowledge and they convey that the program was very helpful to recent methods used for extraction of crude drugs and isolation & identification of pure chemical constituents. The current information on uses of flavonoids obtained by various innovative and current extractive methods learned from the present faculty development program. The faculty members responded satisfactorily through feedback forms.

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A One Week Faculty Development Program on Current Approaches and Reviews of Research in Pharmacology. The main objective of the program is to train the faculty members about knowledge gained through pharmacological studies provides an initiation and foundation cure for number of diseases.

Topics Covered:

- Clinical Pharmacology.
- Immuno Pharmacology.
- Molecular and Biochemical Pharmacology.
- Neuroscience and Pain.
- Toxicology.

Outcome of the Programme: Faculty members were enthusiastically attended the programme and they conveyed that this training programme provided is a great platform for the staff members to benefit about need of pharmacology in various pharmaceutical research fields. At the same time faculty gained knowledge about role, need & importance of pharmacology in development of

PROGRAMME REPORT

Name of the Programme: A Five Days Faculty Development Program on Exploring the Recent Evolution in Pharmacology and Toxicology

Date: 20.01.2020 to 24.01.2020

Details of the Resource Person

- **Name:** Mr. G. laxmana
- **Designation:** Associate professor
- **Department:** Pharmacology
- **Organisation:** Siddhartha institute of pharmaceutical Sciences, Narasaropeta
- **Contact Number:** 9052031925

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days Faculty Development Program on Exploring the Recent Evolution in Pharmacology and Toxicology in association with Indian Pharmaceutical Association (IPA). The main objective of the program is to train the faculty members about various methods and techniques used in pharmacology and toxicology during drug development process.

Topics Covered:

- Past and future aspects of pharmacology.
- Overview of Invitro and Invivo Toxicology
- Factors influencing toxic effects of drugs in humans.,

Outcome of the Programme: An open feedback was collected from the faculty members and they convey that the program was very helpful to know adverse drug reactions and toxic effects used in treating diseases in humans. In this present faculty development program the resource person gave and share his knowledge on the topics discussed above.

About IPA:-

Indian Pharmaceutical Association (IPA) is the National body representing over 1 million pharmacists and pharmaceutical scientists from Industry, Academia, Regulatory, Hospital and Community Pharmacy and work to meet the India's health care needs. IPA is a nongovernmental organization that has been in official relations with the FIP and WHO. IPA is member of Drug Technical Advisory Board (DTAB), Ministry of Health and Family Welfare, Government of India. IPA has been awarded "Best Professional Organization Award - 2015" by Indian Association Congress.

About Programme:-

It is a one week offline Faculty Development Program. The Program aims at enhancing the academic and intellectual environment in the Institutions by providing faculty members with enough opportunities to pursue research and also to participate in seminars / conferences / workshops.

Objectives of Programme:-

Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A One Week Faculty Development Program on Current Approaches and Reviews of Research in Pharmacology. The main objective of the program is to train the faculty members about knowledge gained through pharmacological studies provides an initiation and foundation cure for number of disease

Topics covered:-

- Past and future aspects of pharmacology.
- Overview of Invitro and Invivo Toxicology
- Factors influencing toxic effects of drugs in humans.

Objective: Medarametla Anjamma Mastan Rao College of Pharmacy had successfully organised A Five Days Faculty Development Program on New Strategies and Advancements in Good Manufacturing Practices. The main objective of the program is to train the faculty members about innovative techniques used in Good Manufacturing practices.

Topics Covered:

- Role of World Health Organisation in implementing GMP guidelines.
- Quality systems guidance for GMP and GLC.
- Recent Advances in Good Manufacturing Practice-Grade manufacturing of various pharmaceutical products.

Outcome of the Programme: An open feedback was collected from the faculty members and from the results of analysis they convey that the program was very helpful to enhance the knowledge about innovative methods to maintain good manufacturing practices in small scale & large scale industries. In the present scenario, significance of GMP to minimize the risk factors during manufacturing and development of pharmaceutical formulations and removing them before going to

About Programme:-

The Faculty Development Program (FDP) is intended to provide financial support to facilitate the updating of knowledge, skills and to provide introductory training opportunities to teachers employed in a variety of fields. The program aims to improve the academic and intellectual environment of the institution by providing opportunities for faculty members to conduct research work. This program is designed to improve teaching and other skills of faculty and keeping them up to date with the latest materials and methods. Provides an opportunity to acquire knowledge of current technological developments in pharmaceutical fields. It is not only to encourage professional practice related to technical education, but also motivate the faculty to create a competitive teaching and learning environment.
